ISSUE 1- April 2020

So this is us ,Ed & OB.
 We are 11 years old twins.
 We are off school, we don't know how long for. Our mum say's we spend TOO much time on computer games and we should do something that is creative, helps us learn and helps others.
 So.....this is our new activity booklet, The Rainbow Read. We hope you enjoy it.

		6	9					
9	5						1	
3	1							

This is the puzzle page. On this page we have some brain teasers for you to work out. GOOD LUCK!!!

Jokes

1) What do you call a man with no body and no nose?

Nobody knows

2) Why did the squirrel swim on his back?

To keep his nuts dry

3) What does the raincloud wear under its clothes?

Thunder pants

Each edition, we will chose an animal. We will give you five facts about that animal, a picture for you to colour in and a picture of that animal in the wild so you can see what it is we are talking

The Rainbow Bird-Gouldian finch (*Erythrura gouldiae*)

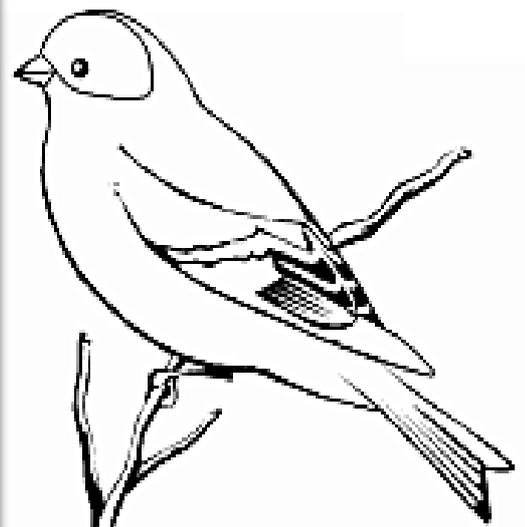

Adult male Gouldian finches are unmistakable, squeezing bright blue, green, yellow and purple onto their small bodies.

They are one of Australia's most colourful birds, finishing their look with blue tails. Their face colour varies.

Gouldian finches live in open, tropical woodland, and nest in tree hollows.

The species was classified as endangered in Queensland in 1992 by the International Union for Conservation of Nature, and still faces threats to its habitat from livestock grazing and fire management strategies.

After conservation efforts, numbers are rising, although there are still fewer than 2,500
